Thornbury is a Fairtrade Town, and the Town Council would like to thank all those outlets who provide Fairtrade goods, as well as everyone who buys them.

Fairtrade is about better prices for producers, decent working conditions, local sustainability, and fair terms of trade for farmers and workers in the developing world.

Fairtrade products are very high quality, and those people who buy goods which carry the Fairtrade logo are ensuring that the producers, and their communities, get access to this essential input.

As well as the Fairtrade growers themselves receiving a fair price, their communities are enabled to develop health, education and other vital facilities via the Fairtrade Foundation

# Thornbury Fairtrade Directory
